PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 28, 2014

General

The enclosed proxy is solicited on behalf of the Board of Directors of Active Power, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on May 28, 2014 (the "Annual Meeting"). The Annual Meeting will be held at 9:00 a.m. Central Time at our principal executive offices, located at 2128 W. Braker Lane, BK 12 Austin, Texas 78758. These proxy solicitation materials were mailed on or about April 28, 2014, to all stockholders entitled to vote at our Annual Meeting.

Voting

The specific proposals to be considered and acted upon at our Annual Meeting are summarized in the accompanying notice and are described in more detail in this proxy statement. On March 31, 2014, the record date for determination of stockholders entitled to notice of, and to vote at, the Annual Meeting, there were 23,078,761 shares of our common stock outstanding and no shares of our preferred stock were outstanding.

Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 31, 2014. The presence, in person or by proxy, of the holders of a majority of our shares entitled to vote is necessary to constitute a quorum at this Annual Meeting. Shares that are voted "FOR," "AGAINST," "WITHHELD" or "ABSTAIN" are treated as being present at the meeting for purposes of establishing a quorum and are also treated as votes cast (the "Votes Cast") with respect to a matter. Abstentions will have the same effect as a vote against a proposal, except with respect to the election of directors. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which a broker has expressly not voted. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given.

The vote of a plurality of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote in the election of directors is necessary for the election of a director. Thus, the nominee receiving the greatest number of votes at the Annual Meeting will be elected to our Board of Directors (the "Board"), even if the nominee receives votes from less than a majority of such shares. Stockholders may not cumulate votes in the election of directors. The proposals regarding the non-binding advisory vote on executive compensation and the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 require the affirmative vote of a majority of the Votes Cast on the proposal at the Annual Meeting. Proposal Four regarding the amendment to our certificate of incorporation to declassify our Board of Directors requires the affirmative vote of the holders of at least two-thirds of the shares of common stock issued and outstanding on the record date. Proposal Five regarding the amendment to our certificate of incorporate to increase our authorized shares of common stock requires the affirmative vote of the holders of a majority of the shares of common stock issued and outstanding on the record date.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Proxies

If the enclosed form of proxy is properly signed and returned or if you properly follow the instructions for telephone or Internet voting, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If you sign and return your proxy without specifying how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the director proposed by our Board, FOR the approval of Proposal Two, FOR the approval of Proposal Three, FOR the approval of Proposal Four, and FOR the approval of Proposal Five, each as described in this Notice of Annual Meeting and proxy statement. You may revoke or change your proxy at any time before the Annual Meeting by filing with our Corporate Secretary at our principal executive offices at 2128 W. Braker Lane, BK 12 Austin, Texas 78758, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, email or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit proxies other than by mail.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one (1) copy of the proxy statement and annual report may have been sent to multiple stockholders in a stockholder’s household. We will promptly deliver a separate copy of either document to any stockholder who contacts our investor relations department at (512) 836-6464 or by mail addressed to Investor Relations, c/o Active Power, Inc., 2128 W. Braker Lane, BK 12, Austin, TX 78758, requesting such copies. If a stockholder is receiving multiple copies of the proxy statement and annual report at the stockholder’s household and would like to receive a single copy of the proxy statement and annual report for a stockholder’s household in the future, stockholders should contact their broker, other nominee record holder, or our investor relations department to request mailing of a single copy of the proxy statement and annual report.

Deadline for Receipt of Stockholder Proposals

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (the “Exchange Act”), stockholder proposals to be presented at our 2015 Annual Meeting of Stockholders and in our proxy statement and form of proxy relating to that meeting must be received by us at our principal executive offices in Austin, Texas, addressed to our Corporate Secretary, not later than December 29, 2014, the date which is 120 days prior to April 28, 2015. With respect to any stockholder proposal not submitted pursuant to Rule 14a-8 and unless notice is received by us in the manner specified in the previous sentence, the proxy holders shall have discretionary authority to vote on any such proposal presented at our 2015 Annual Meeting of Stockholders. These proposals must comply with applicable Delaware law, the rules and regulations promulgated by the Securities and Exchange Commission and the procedures set forth in our Bylaws.

**MATTERS TO BE CONSIDERED AT ANNUAL MEETING
PROPOSAL ONE: ELECTION OF DIRECTORS**

Composition of the Board

Our Board currently consists of seven directors. The terms of office of Class II directors Mr. Ascolese and Mr. Lindelow will expire at the Annual Meeting. Director Jan Lindelow has indicated that he is not standing for re-election at the Annual Meeting. Upon the recommendation of the Nominating and Corporate Governance Committee, the Board nominated Mr. Ascolese for election as a Class II Director. Thus, immediately following the Annual Meeting, it is expected that the Board will consist of six directors with one vacancy. The Board, in accordance with our Certificate of Incorporation, is currently divided into three classes, with Class I having two directors, Class II having two directors and Class III having three directors. The terms of each class expire at successive annual meetings so that stockholders elect one class of directors at each annual meeting.

The current composition of the Board is:

Class I Directors (<i>serving until the 2016 Annual Meeting</i>)	Stephen Clearman T. Patrick Kelly
Class II Directors (<i>term expiring at this Annual Meeting</i>)	Mark A. Ascolese Jan H. Lindelow*
Class III Directors (<i>serving until the 2015 Annual Meeting</i>)	Ake Almgren James E. J. deVenny III Robert S. Greenberg

* Not standing for re-election at the Annual Meeting

The election of a Class II Director, Mr. Ascolese, will be considered at the Annual Meeting. If elected at the Annual Meeting, Mr. Ascolese will serve on the Board until the Annual Meeting of Stockholders in 2017, or until his successor is duly elected and qualified in accordance with our Bylaws, provided, however, that if Proposal Four is approved at the Annual Meeting, all of our directors will serve one-year terms and such terms will expire at the next succeeding Annual Meeting. If Mr. Ascolese should become unable to accept election, the persons named on the proxy card as proxies may vote for another person selected by the Board or the named proxies. Management has no reason to believe that the nominee for election named below will be unable to serve. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominee named below.

Mark A. Ascolese, 63, became our President and Chief Executive Officer, and was appointed to our Board of Directors, on October 14, 2013. Mr. Ascolese brings extensive experience serving a variety of mission critical markets including the data center market. From 2000 to 2002, Mr. Ascolese served as senior vice president of Business Development at Active Power. His career also includes 12 years at General Electric serving in a variety of management roles in the company's service organization. Mr. Ascolese earned a Bachelor's of Science Degree in Commerce from the University of Louisville.

As the only management representative to our Board, Mr. Ascolese provides an insider's perspective to our Board discussions about our business and strategic direction. In addition, he has had extensive senior management and executive experience within the global power supply industry having spent more than 20 years with Powerware Corporation, a global UPS manufacturer.

Continuing Class I Directors with Term Expiring at the 2016 Annual Meeting of Stockholders

Stephen Clearman, 62, was appointed to our Board of Directors in June 2012. Mr. Clearman currently serves as managing partner and co-founder of Kinderhook Partners, LP. Prior to co-founding Kinderhook Partners in 2003, Mr. Clearman co-founded Geocapital Partners, a leading venture capital firm that managed more than \$500 million in a series of partnerships in North America and Europe. Prior to his work at Geocapital Partners, Mr. Clearman spent four years at Adler and Company which was responsible for the origination and management of numerous venture capital investments. In addition, Mr. Clearman has been a director of a number of public and privately held companies.

In March 2012, Active Power entered into a Securities Purchase Agreement pursuant to which Kinderhook Partners purchased 1,764,705 shares of common stock for an aggregate purchase price of approximately \$6.0 million. In connection with such transaction, Active Power entered into a Side Letter Agreement with Kinderhook Partners pursuant to which Mr. Clearman was appointed to the board of directors and Active Power is obligated to use its reasonable best efforts to include Mr. Clearman in the proxy statement as a nominee for election to the board of directors in any year in which such inclusion is required by Active Power's governing documents or applicable law.

We believe that Mr. Clearman's qualifications to serve on our Board include previous general and financial management experience with rapidly growing and publicly traded technology companies.

T. Patrick Kelly, 56, was appointed to our Board of Directors in January 2013. He served as interim CFO from April 2012 through March 2013 for Panera Bread leading all finance and accounting teams for the bakery-café company. Prior to joining Panera, Mr. Kelly was interim CFO for Hawker Beechcraft Corp., a Wichita, Kansas based aerospace manufacturing company, from February 2011 to August 2011. Before joining Hawker Beechcraft, he served as interim CEO at ExpressJet, a regional airline in Houston, Texas. Mr. Kelly has also held a number of senior financial positions at Vignette Corp., which was acquired by Open Text Corp.; Dell, Inc.; Trilogy Software; Sabre Holdings; and American Airlines.

We believe that Mr. Kelly's qualifications to serve on our Board include his extensive experience as a finance professional including seven years as a CFO of publicly owned companies and three years as a director of a public company.

Continuing Class III Directors with Term Expiring at the 2015 Annual Meeting of Stockholders

Ake Almgren, 67, has served as a member of our Board since March 2004 and as Chairman since December 2012. From March 2009 until September 2011, Dr. Almgren served as the Chief Executive Officer and President of International Battery, a manufacturer of lithium ion cells and batteries. Since May 2003, Dr. Almgren has also served as President of his consultant company, ORKAS Inc. From July 1998 to May 2003, Dr. Almgren served as Chief Executive Officer and President of Capstone Turbine Corp. Prior to his employment at Capstone, Dr. Almgren had a 26-year career at ASEA Brown Boveri Limited (ABB), a worldwide power solutions company, where he was President of several ABB companies, including ABB Power T&D Co., involved in electric transmission and distribution equipment and systems worldwide. Dr. Almgren also serves on the board of managers of PJM Interconnect LLC. Dr. Almgren holds a Ph.D. in Engineering from Linkopings Tekniska Hogskola in Sweden and a Masters of Mechanical Engineering from the Royal Institute of Technology in Stockholm, Sweden.

We believe that Dr. Almgren's qualifications to serve on our Board include his extensive background in executive management and leadership of companies in the power quality, alternative and clean technology sectors, and his extensive connections throughout the power quality industry. His current and prior CEO experience has qualified him to understand all aspects of managing and building a technology-based business, and his direct experience in financing the growth of these businesses as well as their overall financial management further qualifies him to serve as a member of our Audit Committee.

James E. J. deVenny III, 64, has served as a member of our Board since March 2008. From 1999 until March 2008, Mr. deVenny served as the co-founder, President and Chief Executive Officer of Dataside LLC, a Texas-based provider of enterprise data center space and managed network services. Mr. deVenny is now an independent consultant through his business, JD Investments. Prior to founding Dataside, Mr. deVenny co-founded Computex Support Systems, where he was employed for 15 years and was involved in the design and development of mission-critical data centers and telecommunications sites. Prior to this he spent five years as Vice President of Sales and Marketing for International Power Machines, a manufacturer of uninterruptible power supply systems. Mr. deVenny also serves on the boards of directors of Lumenate, a private technology consulting services company, Verado, an energy services software company, and Nimbix, a cloud high performance computing company. He holds a Bachelor of Science degree in Journalism and Communications from the University of Florida.

We believe that Mr. deVenny's qualifications to serve on our Board include his extensive experience in the uninterruptible power supply, or UPS, industry, where he held senior sales and marketing positions for a rapidly growing UPS company, and experience gained from the founding and operating of hosted data center businesses, which are a primary target market for us. Mr. deVenny's depth of industry knowledge and contacts uniquely positions him to provide valuable insights to our Board and management with respect to strategic and operational matters, as well as the markets for our products. Mr. deVenny also brings general financial and personnel management acumen to our Board, which he gained from owning and operating his own businesses, and this further qualifies him to serve as a member of our Audit Committee and Nominating and Corporate Governance Committee.

Robert S. Greenberg, 60, has served as a member of our Board since March 2009. From January 2009 to August 2013, Mr. Greenberg was the Chief Information Officer and Vice President for Agco Corporation, a global manufacturer and distributor of agricultural equipment. Prior to joining Agco Corporation, Mr. Greenberg was Vice President and Chief Information Officer for five years with Nissan Americas, the U.S. subsidiary of Nissan Motor Ltd, a global automotive manufacturer. Mr. Greenberg also served in executive and CIO capacities for over 20 years including with Avaya, Inc., a global enterprise communications provider, Dell Inc. and Exxon Mobil, including time spent in Asia Pacific. Mr. Greenberg holds both Bachelor of Science and Masters of Engineering degrees in Operations Science and Industrial Engineering from Cornell University and an M.B.A. in Finance from the University of Maryland.

We believe that Mr. Greenberg's qualifications to serve on our Board include his extensive international and multi-national management experiences as a Chief Information Officer for a number of global companies. This experience allows him to provide the Board with unique insights of the CIO community, a key target customer segment for our business, as well as important strategic and operational guidance with respect to information technology matters. As a key executive managing business operations and staffing levels significantly greater than ours, Mr. Greenberg is able to provide valuable perspective on human resource related matters, which further qualifies him to serve on our Compensation Committee as well as our Nominating and Corporate Governance Committee.

CORPORATE GOVERNANCE

Conflicts of Interest

On an annual basis, each director and executive officer is obligated to complete a Directors and Officers Questionnaire which requires disclosure of any transactions with Active Power in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. Pursuant to the Code of Business Conduct and Ethics, the Board is charged with resolving any conflicts of interest involving the Chief Executive Officer, the Chief Financial Officer or any other executive officer of Active Power.

Director Independence

In accordance with the NASDAQ listing requirements, the Board has determined the independence of each director and nominee for election as director in accordance with the guidelines it has adopted. Based on those standards, the Board determined that each of Messrs. Almgren, Clearman, deVenny, Greenberg, Kelly, and Lindelow, our non-employee directors, is an “independent director” as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules, and has no relationship with Active Power except as a director and stockholder, unless otherwise stated under “Certain Transactions” or in the Compensation Discussion and Analysis section of this proxy statement.

Board Leadership Structure and Board’s Role in Risk Oversight

We separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is primarily responsible for developing and executing against the strategic plan adopted by the Board, and for our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board. Our independent directors meet regularly without the presence of management. The independent directors of our Board met fourteen times during 2013. Our Board Chairman leads these meetings. These meetings are held in conjunction with each regularly scheduled meeting of our Board. Any of our directors may request a session comprised of only independent directors at any time. We believe that this separation represents the appropriate structure for us at this time because it allows our Chairman of the Board to coordinate general oversight and strategic planning for us while the Chief Executive Officer focuses on managing our business.

Our Board oversees risk management in a number of ways. The Audit Committee oversees the management of financial and accounting related risks as an integral part of its duties. Similarly, the Compensation Committee considers risk management when setting the compensation policies and programs for our executives and other employees. The Board receives reports on various risk-related items at its regular meetings including risks related to our manufacturing and sales operations, products, customer relationships and employees. The Board considers these reports and provides feedback to management regarding our risk exposure, the potential impact on us, and steps being taken to mitigate such risks.

Nominations for Directors

The Nominating and Corporate Governance Committee is responsible for screening potential director candidates and recommending qualified candidates to the Board for nomination. The Nominating and Corporate Governance Committee believes that candidates for director should have certain attributes, including leadership, independence, interpersonal skills, financial acumen, business experience, industry knowledge, integrity, competence and dedication. The Nominating and Corporate Governance Committee also considers issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is important that the Board represent diverse viewpoints. The Nominating and Corporate Governance Committee considers recommendations of potential candidates from current directors, management and stockholders. Stockholders' nominations for directors must be made in writing and be addressed to the Chairman of the Nominating and Corporate Governance Committee in care of our Secretary at our headquarters address listed below, and must be received no later than December 29, 2014 to be considered for inclusion in the proxy statement for the next annual election of directors.

Assuming that a stockholder recommendation contains the information required above, the Nominating and Corporate Governance Committee will evaluate a candidate recommended by a stockholder by following substantially the same process, and applying substantially the same criteria, as for candidates identified through other sources.

We intend to disclose future amendments to the provisions of our Code of Business Conduct and Ethics, or waivers of such provisions granted to executive officers, on our website within four business days following the date of such amendment or waiver.

The Board has established a means for employees, customers, suppliers, stockholders and other interested parties to submit confidential and anonymous reports of suspected or actual violations of our Code of Business Conduct and Ethics relating, among other things, to:

- Accounting practices, internal accounting controls or auditing matters and procedures;
- Theft or fraud of any amount;
- Insider trading;
- Performance and execution of contracts;
- Conflicts of interest;
- Violations of securities and antitrust laws; and
- Violations of the Foreign Corrupt Practices Act.

MEETINGS AND COMMITTEES OF THE BOARD

In 2013, the Board met fourteen times. All directors attended at least 75% of the meetings of the Board or committees on which they served during the period in which they served on the Board or such committees during the year ended December 31, 2013.

Committees of the Board

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The standing committees are the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. In accordance with the NASDAQ listing requirements, all of the standing committees are comprised solely of non-employee, independent directors. Charters for each of the standing committees are available on our website at www.activepower.com under the heading of "Investor Relations" and subheading of "Corporate Governance". The charter of each standing committee is also available in print to any stockholder who requests it. The table below shows current membership of each of the standing Board committees:

Kelly, deVenny and Almgren (Mr. Almgren stepped down from the committee in July 2013 upon his appointment as our interim President and Chief Executive Officer and was re-appointed to the committee in October 2013 following his resignation as interim President and Chief Executive Officer. Mr. Greenberg served on the committee during the time Mr. Almgren was not on the committee). Mr. Kelly serves as the Chairman of the Audit Committee and Rodney S. Bond served as Chairman of the Audit Committee until he completed his term as director as of the 2013 Annual Meeting held in May 2013. The Audit Committee held seven meetings during 2013. The Board has determined that all members of the Audit Committee are "independent" as that term is defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules. The Board has determined that Mr. Kelly is qualified as an "audit committee financial expert" under Item 407(d)(5) of Regulation S-K.

The Compensation Committee reviews, approves and makes recommendations to the Board regarding our compensation policies and forms of compensation to be provided to our executive officers. The Compensation Committee also approves grants of equity awards to new and existing employees and administers our equity incentive plan. The Compensation Committee reviews and approves bonus arrangements for our executive officers. The members of the Compensation Committee during 2013 were Messrs. Greenberg, Clearman and Lindelow. Mr. Greenberg serves as the Chairman of the Compensation Committee and Mr. Lindelow served as Chairman of the Compensation committee until October 24, 2013. The Compensation Committee held ten meetings during 2013. The Board has determined that all members of the Compensation Committee are “independent” as that term is defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee was established to assist our Board in fulfilling its responsibilities for identifying qualified individuals to become members of the Board; determining the composition and compensation of the Board and its committees; monitoring the effectiveness of the Board and facilitating the measurement of the effectiveness of its committees; and developing, monitoring and evaluating sound corporate governance policies and procedures promoting honest and ethical conduct, including policies pertaining to the identification and treatment of conflicts of interest. The members of the Nominating and Corporate Governance Committee for 2013 were Messrs. Clearman, Greenberg, and deVenny. Mr. Clearman serves as the Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held four meetings during 2013. The Board has determined that each member of the Nominating and Corporate Governance Committee is an “independent director” as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Attendance at Annual Meetings

We encourage, but do not require, the members of our Board to attend our annual meeting of stockholders. Six of our seven directors attended our Annual Meeting of Stockholders held on May 30, 2013.

Compensation Committee Interlocks and Insider Participation

During fiscal 2013, all members of the Compensation Committee were independent directors, and none of them were past or present employees or officers of Active Power or any of our subsidiaries except that Mr. Almgren served as our interim President and Chief Executive Officer from July 2013 to October 2013. No member of our Compensation Committee has any relationship with us requiring disclosure under Item 404 of Regulation S -K under the Exchange Act. None of our executive officers has served on a board or compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers serves on our Board or our Compensation Committee.

AUDIT COMMITTEE REPORT

The Audit Committee reports as follows with respect to our fiscal 2013 financial statements:

Management is responsible for Active Power's internal controls and the financial reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of Active Power's financial statements and internal controls in accordance with U.S. generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that Active Power's financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. The Audit Committee has also met and held discussions with management and the independent auditors regarding Active Power's internal controls. Management provided the Audit Committee management's assessment of our internal controls, and the Audit Committee has reviewed and discussed the internal controls with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T (Communication with Audit Committees).

Active Power's independent auditors also provided to the Audit Committee the written disclosures required by Rule 3526 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence and considered the compatibility of non-audit services with the independent auditors' independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representation of management and the reports of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board include the audited financial statements and assessment of internal controls in Active Power's Annual Report on Form 10-K for the year ended December 31, 2013 filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The cornerstone of our compensation philosophy continues to be pay for performance. We seek to align the compensation paid to our Named Executive Officers with our performance on both a short-term and long-term basis and set performance goals that do not promote excessive risk-taking and support our core financial goals of achieving revenue growth and improved operating margins.

Improving our results and continuing to position our business for future success in support of our mission of producing attractive returns for our stockholders requires that we attract, retain and foster high caliber talent. We design our executive compensation program to provide a competitive compensation and benefits package that reflects our performance, job complexity and the strategic value of the position, while helping to ensure long-term retention and motivation. We believe the compensation programs for our Named Executive Officers supports us in these goals in a challenging and competitive global macroeconomic environment.

The Compensation Committee of the Board of Directors (the “Committee”) is responsible for compensation decisions for the Named Executive Officers and for all of our executive officers. The Committee designs our executive compensation program to be effective at driving the achievement of our performance goals and to provide an appropriate reward for results, but also to be reasonable in relation to the programs of our peer group companies and to encourage our executives to work for meaningful stockholder returns without taking excessive risks. The highlights of our compensation program include:

- An incentive cash compensation plan that, in addition to a competitive base salary, provides payouts based upon achievement of goals that we believe are consistent with improving stockholder value without incurring undue risk.
- Use of equity awards which encourage retention through time-based vesting to 100% vested over a four-year period which provides a balance between short and long-term decisions.
- Total compensation (at target) is generally designed to compensate our executives at the 50th percentile when compared to our peer group companies.
- Our change of control agreement with each of our officers is “double trigger,” meaning it provides severance or accelerated vesting benefits only upon termination of each such officer’s employment with us without cause or resignation of the executive for good reason within a certain time period following a change of control of Active Power.

The following compensation governance features underlie our compensation program :

- The Committee is composed solely of independent directors. Additionally, the Committee’s independent compensation consultant is retained directly by the Committee.
- Our compensation programs are designed to reward long-term value creation and avoid inappropriate risk taking by our executives. The Committee believes that the risks arising from our employee compensation program are reasonable, in the best interests of our stockholders, and not likely to have a material adverse effect upon us.

- The Committee meets with its external compensation consultants and advisors, without management.
- We have an Insider Trading policy, applicable to all employees and non-employee directors, which outlines trading restrictions inclusive of black-out periods, anti-hedging guidelines, as well as other trading guidelines.

Advisory Vote on Executive Compensation

In May 2013, we held a stockholder advisory vote on the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with approximately 95.7% of stockholder votes cast in favor of our 2013 say-on-pay resolution. As we evaluated our compensation practices for 2013, we were mindful of the support our stockholders expressed for our pay for performance compensation philosophy. As a result, following our annual review of our executive compensation philosophy, the Committee decided to retain our general approach to executive compensation.

Philosophy

Our compensation programs are designed to satisfy the following objectives:

- To attract, motivate and retain key employees, including highly qualified executive officers;
- To make a substantial portion of their compensation dependent upon our attainment of measurable performance targets; and
- To structure a substantial portion of executive compensation so that it aligns with our stockholders' interests.

Our compensation programs are designed by the Committee in collaboration with management and input from an independent compensation consultant hired by the Committee. Our compensation program for executive officers utilizes cash compensation for short-term incentives and equity compensation for long-term incentives. Cash compensation is paid in the form of a base salary and an annual performance incentive bonus ("annual bonus"), and long-term incentive compensation has typically been paid in the form of stock options.

Our executive compensation philosophy reflects our belief that a significant portion of the compensation of our executives should reflect their success as a management team, rather than as individuals, in attaining key operating objectives. We evaluate both performance and compensation to help ensure that we can attract and retain talented executives in key positions and that the compensation provided to our executives is competitive relative to the compensation paid to similarly situated executives of similar or peer companies.

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and Chief Financial Officer during 2013, as well as the other individuals included in the Summary Compensation Table on page 23, are referred to as our "Named Executive Officers."

Role of Compensation Committee in Compensation Decisions

The Committee makes compensation decisions for the Named Executive Officers and for all of our other executive officers. As it deems appropriate, the Committee seeks input from other members of the Board, our Chief Executive Officer, other members of management, outside consultants and counsel. In particular, for 2013, the Committee retained the services of Radford, an Aon Hewitt Company (“Radford”), an outside human resources consulting organization to provide independent advice to the Committee with respect to matters including executive compensation, equity compensation trends, non-employee director compensation and the design of an appropriate peer group. We do not use Radford for any consulting services related to non-executive compensation matters, although we participate in annual salary surveys conducted by Radford which we use for benchmarking salary and benefits for all of our non-executive employees. Management’s only role with respect to the use of Radford is to provide company-specific data to Radford to enable it to complete its engagement for the Committee. The decision to use Radford for consulting services is determined by the Committee, and not by management.

In 2013, as contemplated by recently adopted SEC and Nasdaq rules regarding compensation committee consultants, the Committee reviewed the independence of Radford under the independence criteria set forth in the new rules and the Committee charter. As a result of such review, the Committee determined that Radford was an independent advisor within the meaning of applicable SEC and Nasdaq rules and the charter of the Committee.

Setting Executive Compensation

Based on the above objectives, the Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve our business goals, and to reward executives for achieving such goals. Elements of compensation for our executive officers include: base salary, annual bonus, stock incentive awards and employee benefits. Base salaries for our Named Executive Officers are set when the executive is hired and adjustments are considered at meetings of the Committee in the first quarter of each year. At these meetings, the Committee also approves and adopts the management incentive plan for the new fiscal year, determines the level of achievement and actual awards from the previous year’s management incentive plan, and typically grants stock-based awards to our Named Executive Officers.

At the beginning of each year, it has been the practice of the Committee to review the recent history of the elements of each Named Executive Officer’s total compensation, and compare the compensation of the Named Executive Officers with that of other executive officers in an appropriate peer group which includes other high-technology public companies in North America with similar revenue or expense levels to us. The purpose of this analysis is to determine whether the compensation of each Named Executive Officer, both in its totality and with respect to each of the constituent components, is competitive with the applicable market comparables. For 2013, the market comparables were derived from the following peer group:

Allied Motion Technologies	Fuel Tech	PowerSecure International
Ballard Power Systems	FuelCell Energy	Satcon Technology
Capstone Turbine	Lime Energy	SL Industries
Comverge	Maxwell Technologies	Ultralife
Energy Recovery	Pervasive Software	Valence Technology
EnerNOC		

The Committee generally considers compensation to be competitive for our Named Executive Officers if it is between the 25th and 50th percentiles for base salary, and between the 50th and 75th percentiles for overall compensation including base salary, bonus and the value of our long-term incentives, including equity awards. The amount of each element of compensation is determined by the Committee, which considers the following factors to determine the amounts to pay each executive:

- position and functional role, seniority and overall level of responsibility;
- performance against corporate and individual objectives for the previous year;
- difficulty of achieving desired results in the coming year;
- value of their unique skills and capabilities to support our long-term growth;
- performance of their general management capabilities; and
- contribution as a member of the executive management team.

Role of Executive Officers in Compensation Decisions

The Chief Executive Officer annually reviews the performance of all of our executive officers (other than the Chief Executive Officer, whose performance is reviewed by the Committee and discussed with the full Board). The conclusions reached and recommendations based on those reviews, including with respect to salary adjustments and annual bonus and equity award amounts, are presented to the Committee by the Chief Executive Officer. Though the Committee is not obligated to follow the Chief Executive Officer's recommendations, the Committee gives them great weight in making its decisions, as the Committee believes our Chief Executive Officer is in the best position to assess the performance of the other Named Executive Officers and identify key criteria for the Committee to consider in making its final decisions relating to the compensation of the Named Executive Officers (other than the Chief Executive Officer). Neither our Chief Executive Officer nor any other executive votes on items before the Committee; however, the Committee and Board solicit the views of the Chief Executive Officer and work with other members of management and outside advisors to prepare meeting materials.

Base Salary

We use the base salary element of executive compensation to provide the foundation of a fair and competitive compensation opportunity for each Named Executive Officer. In addition to considering market peer group data, the Committee considers an internal review of the Named Executive Officer's compensation relative to other Named Executive Officers and the individual performance of the executive in establishing base salary. As a result, compared to 2012, the Committee increased based salaries from 0% (for recently appointed officers) to approximately 12% in 2013.

Annual Bonus

The management incentive program is an annual cash incentive program that is designed to motivate and reward our Named Executive Officers for their contributions toward the achievement of shorter-term financial and operating goals that we believe drive our operating results and create long-term stockholder value. Under this program, the Committee establishes an annual target award for each Named Executive Officer, which is typically expressed as a percentage of the executive's base salary. For 2013, this target award level was 100% of base salary for Mr. Milner, 60% of base salary for Mr. Fife, 50% of base salary for Mr. Foley, 80% of base salary for Mr. Olsen, 50% of base salary for Mr. Rubin, and 45% of base salary for Mr. Schrader-Hausmann. These targets did not change from 2012. The Committee makes the determination of the actual bonus earned by a Named Executive Officer and may choose to award a bonus or not, and determines the actual award, in light of all relevant factors after completion of the fiscal year.

For 2013, 70% of each of the Named Executive Officers' target bonus award was based upon achievement of corporate objectives, which were the same objectives for each of our Named Executive Officers. The remaining 30% of each Named Executive Officer's target bonus award was based upon achievement of individual objectives unique to each executive and his area of responsibility. The weighting of corporate and individual objectives was reviewed and established by the Committee at the beginning of 2013 and the same weighting was used for all of our Named Executive Officers, reflecting our philosophy that a significant portion of the compensation of our executive team should reflect their success as a team, and not as individuals. Both the corporate and individual goals were established by the Committee at the beginning of 2013 and were tied to our annual operating plan.

For 2013, the corporate objectives, and the weights given to each for purposes of determining the amount of bonuses, were as follows:

Corporate Objectives	Target	Actual	Weighting
Revenue	\$ 94,315,000	\$ 61,699,000	40%
Operating Profit (Loss)	\$ 4,566,000	\$ (7,617,000)	30%

Since our actual 2013 revenue and operating profit (loss) fell below the established thresholds, there was no payout under the corporate objectives portion of the plan.

The individual objectives for each of the Named Executive Officers who was eligible to receive payments under such plan for 2013 are summarized below:

Named Executive Officer

Individual Objectives

Steven Fife, Former Chief Financial Officer, VP Finance and Secretary	<ul style="list-style-type: none"> - Order management improvement and development of customer service group - IT strategic plan - International financial support improvement
Jason P. Rubin, Former Vice President Operations	<ul style="list-style-type: none"> - Cleansource 750/625 HD production readiness - Implement cost reduction on Clean source UPS products - Complete six sigma project initiatives
Martin T. Olsen, Former Vice President Global Sales and Marketing	<ul style="list-style-type: none"> - Establish sales team productivity metrics - Develop succession plan for key employees in the department and complete international team integration - Develop backlog for Cleansource 750/625 HD product
J. Noel Foley, Former VP Engineering	<ul style="list-style-type: none"> - Complete design and release of new products per product roadmap - Develop succession plan for key employees in the department - Develop future product roadmap

Mr. Schrader-Hausmann did not have any specified individual objectives for 2013.

At year-end 2013, our Chief Executive Officer reviewed the accomplishments relative to the established individual goals for each executive officer with the Committee. The Committee considered this input before approving the bonus award payments. The performance related bonus results for each of our Named Executive Officers who participated in such plan for 2013 were as follows:

Named Executive Officer	Target Bonus	Actual Bonus	% of Target
	Award	Award*	
Steven Fife, Former Chief Financial Officer, VP Finance and Secretary	\$ 168,000	\$ 24,000	14%
Jason P. Rubin, Former Vice President Operations	\$ 117,500	\$ 35,900	31%
Martin T. Olsen, Former Vice President Global Sales and Marketing	\$ 201,880	\$ 30,320	15%
J. Noel Foley, Former VP Engineering	\$ 120,000	\$ 18,000	15%
Uwe Schrader-Hausmann, Chief Technical Officer	\$ 92,250	\$ 20,000	22%

* Represents payout based on individual objectives only as there was no payout based on corporate objectives for 2013

Mr. Milner, our former President and Chief Executive Officer, did not receive any payment under the annual bonus plan for 2013 since he resigned in July 2013. Neither Mr. Almgren, Mr. Ascolese, Mr. Powers nor Mr. Adleman participated in the annual bonus plan for 2013.

Stock Option and Equity Incentive Programs

The Committee believes that the interests of our stockholders are best served when a significant proportion of an executive's compensation is comprised of equity-based or other long-term incentives that appreciate in value contingent upon increases in the price of our common stock. This is consistent with our philosophy that in the long term, our stock price will reflect our operating performance and that our management team's compensation should be in a large part driven by our long-term results. Therefore, it has been our practice to make annual grants of equity-based awards to our Named Executive Officers. The ultimate amount and mix of equity awards vary among Named Executive Officers based on their positions within Active Power, individual performance and other factors the Committee deems relevant. The grants of stock options to our Named Executive Officers in 2013 are set forth in the table entitled "Fiscal 2013 Grants of Plan-based Awards" in this Proxy Statement.

Policy Regarding Tax Deductibility of Compensation

Within our performance-based compensation program, we aim to compensate our senior executive management team in a manner that is tax effective for us. However, the Committee may determine that it is appropriate to pay compensation which is not deductible from time-to-time.

Timing of Grants

Equity awards to our executive officers and other key employees are typically granted annually in conjunction with the review of their respective individual performance. This review takes place at regularly scheduled meetings of the Committee, which are typically held in conjunction with the meetings of our Board during the first quarter of each year. Equity awards are automatically granted to our non-employee directors on the date of our Annual Meeting of Stockholders, in accordance with the terms of our director compensation policy. Grants to newly hired employees are made in meetings of the Committee, with effect from the date of the meeting. Grants to newly hired executive officers are typically made at the next regularly scheduled Committee meeting or at a special meeting on or following their hire date. The exercise price of all stock options is set at the closing price of our common stock on The NASDAQ Capital Market on the date of grant of the award.

Stock Ownership Guidelines

We have a stock ownership policy that requires our non-executive directors to obtain a minimum level of stock ownership in Active Power within five years of their appointment to the Board. The stock ownership policy requires the following for our non-executive directors:

- With respect to all individuals who were non-executive directors on February 1, 2007 (the date of the initial adoption of our current equity ownership policy) (i.e., Mr. Almgren and Mr. Lindelow), by February 1, 2012 the directors should own stock with a value equal to three times the annual Board retainer.
- With respect to non-executive directors first appointed or elected to the Board after February 1, 2007 (i.e., Messrs. Clearman, deVenny, Greenberg and Kelly), by the fifth-year anniversary of such date of initial appointment or election the director should own stock with a value equal to three times the annual Board retainer.
- The value of such stock is measured by the higher of the original purchase price paid or the current fair market value of the shares at the time of evaluation.

All of our non-executive directors, except for Mr. Lindelow, were in compliance with this policy at December 31, 2013. There currently are no stock ownership guidelines for our Named Executive Officers.

Our insider trading policy prohibits all directors and executive officers of Active Power from making short sales of our stock, engaging in hedging transactions and other derivative securities involving our stock, using our securities as collateral for loans, and holding our securities in margin accounts.

Perquisites and Other Personal Benefits

The Committee does not believe that providing an executive perquisite is consistent with our pay-for-performance compensation philosophy. In this regard, it should be noted that we do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees.

We provide employee benefits including a 401(k) plan without any matching contributions at this time, and coverage under health and insurance plans, which are the same for all employees. We also offer life insurance for all employees that provides coverage up to an employee's salary or a maximum of \$200,000.

Employment Arrangements with Executive Officers

During the second half of 2013, Active Power hired three new executive officers. In particular, in September 2013, Mark A. Ascolese was appointed as our Chief Executive Officer and President, in November 2013, Randall J. Adelman was appointed as our Vice President of Global Sales and Marketing and in December 2013, James Powers was appointed as our Chief Financial Officer and Vice President Finance. In connection with their initial employment, each such officer executed an offer letter and entered into a severance benefit agreement. The compensation levels for such officers were determined by the Committee after consideration of various factors including data provided by Radford, the compensation paid to the executive that formerly held the same or similar position with Active Power, the background and experience of such executive officer and our need to attract and retain such executives.

Mr. Ascolese's offer letter provides that he will be paid an annual base salary of \$450,000 and, beginning with fiscal year 2014, will be eligible to earn a bonus of up to 100% of his base salary at the target objective, subject to the terms and conditions of our executive bonus program. As contemplated by his offer letter, Mr. Ascolese was granted an option to purchase 340,000 shares of common stock, received a signing bonus of \$100,000, and relocation and temporary living expense assistance. The signing bonus is subject to repayment under certain circumstances if Mr. Ascolese resigns other than for good reason or is terminated for cause on or before the first year anniversary of his employment date (or, if later, his relocation to Austin, Texas) as set forth in the offer letter. The offer letter also provides for vacation and health benefits and further provides that Mr. Ascolese will serve on the Board for as long as he is employed as our Chief Executive Officer.

Mr. Adelman's offer letter provides that Mr. Adelman will be paid an annual base salary of \$250,000 and will be eligible to earn incentive compensation at a rate of 0.18% of all bookings up to a specified target and 0.25% of all bookings in excess of such target, up to a maximum amount of \$500,000. As contemplated by his offer letter, Mr. Adelman was granted an option to purchase 200,000 shares of common stock. The offer letter also provides for vacation and health benefits.

Mr. Powers' offer letter provides that he will be paid an annual base salary of \$280,000 and will be eligible to participate in our executive bonus program with an annual target of 60% of base salary. As contemplated by his offer letter, Mr. Powers was granted an option to purchase 175,000 shares of common stock, received a signing bonus of \$25,000, subject to claw back provisions as set forth in the offer letter, and relocation and temporary living expense assistance. The offer letter also provides for vacation and health benefits.

Please refer to the information under "Potential Payments Upon Termination or Change of Control" for information regarding other employment agreements and severance benefit agreements with our executive officers and the separation agreement and releases we entered into with certain of our executive officers upon their departures from Active Power. The Committee considered data provided by Radford with respect to competitive compensation amounts provided to executive officers, the nature and type of contractual arrangements with executive officers, including severance agreements and change of control provisions, and which executive officers will be eligible for such benefits. Based on its review of such data, the Committee believed it was necessary for the retention of officers and to remain competitive in employment markets for us to enter into such agreements with our executive officers.

Mr. Almgren's compensation for his service as our interim President and Chief Executive Officer was a one-time payment in October 2013 of \$200,000 and the grant of a fully vested option to purchase 15,000 shares of our common stock at an exercise price of \$2.91 per share.

COMPENSATION COMMITTEE REPORT

The Committee has reviewed and discussed the Compensation Discussion and Analysis (the "CD&A") for the year ended December 31, 2013, with management. In reliance on the review and discussion referred to above, the Compensation Committee recommended to the Board, and the Board has approved, that the CD&A be included in the proxy statement for the year ended December 31, 2013, for filing with the Securities and Exchange Commission.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

2010 Equity Incentive Plan (the “2010 Plan”)

In the event of a Change in Control (as defined in the 2010 Plan), each outstanding Award (as defined in the 2010 Plan) will be treated as the Administrator (as defined in the 2010 Plan) determines without a participant’s consent, including, without limitation, that (i) Awards will be assumed, or substantially equivalent Awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof) with appropriate adjustments as to the number and kind of shares and prices; (ii) upon written notice to a participant, that the participant’s Awards will terminate upon or immediately prior to the consummation of such merger or Change in Control; (iii) outstanding Awards will vest and become exercisable, realizable, or payable, or restrictions applicable to an Award will lapse, in whole or in part prior to or upon consummation of such merger or Change in Control, and, to the extent the Administrator determines, terminate upon or immediately prior to the effectiveness of such merger or Change in Control; (iv) (A) the termination of an Award in exchange for an amount of cash and/or property, if any, equal to the amount that would have been attained upon the exercise of such Award or realization of the participant’s rights as of the date of the occurrence of the transaction, or (B) the replacement of such Award with other rights or property selected by the Administrator in its sole discretion; or (v) any combination of the foregoing.

In the event that the successor corporation does not assume or substitute for the Award (or portion thereof), the participant will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights that are not assumed or substituted for, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock, Restricted Stock Units, and Performance Shares/Units (each as defined in the 2010 Plan) not assumed or substituted for will lapse, and, with respect to Awards with performance-based vesting not assumed or substituted for, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an option or stock appreciation right is not assumed or substituted for in the event of a Change in Control, the Administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Termination and Change in Control Agreements

Each of Messrs. Ascolese, Powers and Adleman has entered into a Severance Benefit Agreement (“Severance Agreements”). The Severance Agreement signed by Mr. Adleman provides that if his employment is terminated for reasons other than Cause (as defined in the Severance Agreements) or by the executive for Good Reason (as defined by the Severance Agreements) then he shall be entitled to receive continued severance pay equal to six months of his then-current base salary payable over such period, as well as reimbursement of health benefits during such period and vesting under all unvested options and restricted stock would be accelerated by six months. Upon termination without Cause or resignation for Good Reason, Mr. Ascolese is entitled to receive (i) continued severance pay equal to twelve months of his base salary payable over such period, (ii) reimbursement of health benefits during such twelve month period and (iii) twelve months of accelerated vesting under his options. However, if Mr. Ascolese’s termination or resignation occurs on or prior to the first to occur of (i) the one-year anniversary of his employment date or (ii) his relocation to Austin, he would only receive severance and benefits for six months instead of twelve months and there would be no additional vesting. Upon termination without Cause or resignation for Good Reason, Mr. Powers is entitled to receive (i) if such termination or resignation occurs on or prior to the first to occur of the one year anniversary of the commencement of Mr. Powers’ employment or the closing of Mr. Powers’ relocation and purchase of a home in Austin, Texas, continued severance pay equal to six months of his base salary payable over such period, as well as reimbursement of health benefits during such period, or (ii) if such termination or resignation occurs after the first to occur of the one year anniversary of the commencement of Mr. Powers’ employment or the closing of Mr. Powers’ relocation and purchase of a home in Austin, Texas, continued severance pay equal to twelve months of his base salary payable over such period, as well as reimbursement of health benefits during such period and vesting under all unvested options and restricted stock would be accelerated by twelve months. The Severance Agreements further provide that each executive execute a release of claims in favor of us, and the Severance Agreements signed by Messrs. Powers and Adleman include noncompetition and non-solicitation covenants for a period of up to six months following his termination of employment. Mr. Ascolese’s Severance Agreement includes noncompetition and non-solicitation covenants for a period of up to twelve months following termination of employment.

Each of the Severance Agreements also provides that if within twelve months following a Change in Control (as defined in the Severance Agreements) the executive officer’s employment is terminated for reasons other than Cause, or by the executive for Good Reason, then any unvested options or shares of restricted stock held by the executive on the date of such change in control would accelerate and vest in full as of the date of the termination.

Mr. Schrader-Hausmann is employed by our German subsidiary Active Power (Germany) GmbH. Consistent with normal employment practices in that market we are required to provide Mr. Schrader-Hausmann with severance pay equal to six months of his then-current base salary in the event of his termination of employment. These payments are necessary to enforce non-competition and non-solicitation provisions of his employment contract. The Company can elect to have the employee work or to not-work and be placed on garden leave during this period of time at its sole discretion.

Had their employment been terminated on December 31, 2013 by us for reasons other than cause or by the executive for good reason, our Named Executive Officers would have been eligible to receive the payments set forth in the table below. These payments include amounts earned through such time and are only estimates of the amounts that would be paid to these executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive’s separation from Active Power.

Overview of Director Compensation and Procedures

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the amount of time that directors expend in fulfilling their duties to us as well as the skill level required to serve as a member of the Board.

In 2013, our non-employee directors received the following fees for their service as a director:

Service	Annual Fee
Director fee	\$ 30,000
Chairman of the Board fee	\$ 20,000
Audit Committee participation fee	\$ 4,000
Audit Committee chairperson (in addition to fee for serving on the Audit Committee)	\$ 8,000
Compensation Committee participation fee	\$ 4,000
Compensation Committee chairperson (in addition to fee for serving on the Compensation Committee)	\$ 6,000
Nominating & Corporate Governance Committee participation fee	\$ 2,000
Nominating & Corporate Governance Committee chairperson (in addition to fee for serving on the Nominating & Corporate Governance Committee)	\$ 1,000

All of the above fees are paid to directors on a quarterly basis in arrears. When the Board appoints a special committee, additional compensation may be paid to those directors who serve on the special committees. In this regard, on February 14, 2014, the Board approved compensation for the members of the committee which conducted an investigation into the facts and circumstances surrounding our agreements and transactions with Qiyuan Network System Limited (“Qiyuan”), including the statements made regarding Qiyuan’s affiliation with Digital China. Such compensation amounts are \$20,000 for the committee chairperson (Mr. Kelly) and \$8,000 for the other members of the committee (Messrs. deVenny and Greenberg).

On the date of our 2013 Annual Meeting of Stockholders, each non-employee director who continued to serve as a non-employee director was automatically granted an option to purchase 15,000 shares of common stock provided such individual had served on the Board for at least six months as of the date of the meeting. Under this program, on May 30, 2013, each of Messrs. Almgren, Clearman, deVenny, Greenberg, and Lindelow received an option to purchase 15,000 shares of common stock with an exercise price of \$4.30 per share, the closing sale price of our common stock on The Nasdaq Capital Market on the date of our 2013 Annual Meeting.

In 2013, new non-employee directors were awarded an option to purchase 20,000 shares of common stock under our 2010 Plan upon joining the Board. Options granted to new directors have an exercise price per share equal to the fair market value per share of the underlying shares of common stock at the date of grant and such options vest in equal annual installments over three years. Mr. Kelly received an option to purchase 6,000 shares of common stock, as well as 6,000 restricted stock units (“RSUs”) when he joined our board of directors in January 2013 under the terms of our non-employee director compensation policy as of such date. In connection with the revised non-employee director compensation policy approved in February 2013, Mr. Kelly was also granted an option to purchase 8,000 shares of common stock at an exercise price of \$4.80 per share on February 22, 2013.

Directors who are also our employees do not receive cash or equity compensation for service on the Board in addition to their compensation payable for their service as our employees. Upon commencement of his service as our interim President and Chief Executive Officer, Mr. Almgren ceased to earn director compensation until such time as his service as an employee ended.

Indemnification Agreements

Our certificate of incorporation limits the liability of our directors to us and our stockholders for breaches of the directors' fiduciary duties to the fullest extent permitted by Delaware law. In addition, our certificate of incorporation and bylaws provide for mandatory indemnification of directors and officers to the fullest extent permitted by Delaware law. We also maintain directors' and officers' liability insurance and have entered into indemnification agreements with all of our directors and our executive officers.

Certain Relationships

In accordance with our Audit Committee charter, our Audit Committee is responsible for reviewing and approving the terms and conditions of all related party transactions. This would encompass all transactions with directors, immediate family members of our directors and executive officers, or any entities that such persons may have ownership or employment relationships with. A report is made annually to our Audit Committee disclosing all related parties that are employed by us or any related party transactions or relationships that occurred during the year, if any. There were no reportable related party transactions or relationships during 2013.

**PROPOSAL TWO: NON-BINDING ADVISORY VOTE TO
APPROVE EXECUTIVE COMPENSATION**

We are providing our stockholders with the opportunity to cast an advisory vote to approve the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis section and accompanying tables in this Proxy Statement. We believe that it is appropriate to seek the views of our stockholders on the design and effectiveness of our executive compensation program.

Our goal for our executive compensation program is to attract and retain exceptional individuals as executive officers who will provide leadership for our success in dynamic, competitive markets. We seek to accomplish this goal in a way that is aligned with the long-term interests of our stockholders and suitably rewards our executives based on performance. We believe that our executive compensation program achieves this goal with its emphasis on long-term equity awards and performance-based compensation, which has to date, enabled us to sufficiently motivate and reward our Named Executive Officers.

We encourage our stockholders to approve the compensation of our Named Executive Officers as disclosed above in the Compensation Discussion and Analysis, the compensation tables and the related narrative discussion.

Accordingly, the following resolution will be submitted to our stockholders for approval at the Annual Meeting:

“RESOLVED, that the compensation paid to our Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S -K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion contained in this proxy statement, is hereby approved.”

As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders, and to the extent that a significant percentage of votes are cast against the compensation of our Named Executive Officers, the Compensation Committee will determine whether any actions are necessary to address the concerns reflected in such votes.

This proposal will be approved upon the affirmative vote of the holders of a majority of the Votes Cast on the proposal at the Annual Meeting.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, AND THE ACCOMPANYING COMPENSATION TABLES AND NARRATIVE DISCUSSION CONTAINED IN THIS PROXY STATEMENT.

**PROPOSAL THREE: RATIFICATION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

In January 2014, the Audit Committee appointed Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2014. The Audit Committee is asking the stockholders to ratify this appointment. Grant Thornton LLP has served in this capacity since their appointment in 2010.

In the event the stockholders fail to ratify the appointment, our Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of Active Power and our stockholders.

A representative of Grant Thornton LLP is expected to be present at the Annual Meeting, where he or she will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Fees incurred by Grant Thornton LLP

The following table presents fees for professional services rendered by Grant Thornton LLP and billed to us for the audit of our annual financial statements and review of our interim quarterly financial statements for the years ended December 31, 2013 and 2012, respectively, and fees for other services billed by Grant Thornton LLP during those periods

Fees	2013	2012
Audit fees	\$ 251,000	\$ 302,449
Audit-related fees	87,500	--
Tax fees	--	11,000
All other fees	--	--
Total	\$ 338,500	\$ 313,449

Audit Fees. Annual audit fees relate to services rendered in connection with the audit of the annual financial statements included in our Form 10-K, the quarterly reviews of financial statements included in our Forms 10-Q, Form S-8 and Form S-3 consent procedures and audit and testing of our internal controls in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees. Audit-related services include fees for consultations concerning financial accounting and reporting matters, the restatement of our results for the quarters ended March 31, 2013 and June 30, 2013 and responding to SEC comments. Audit-related fees are disclosed as those audit-related fees paid during the specified fiscal year.

Tax Fees. We used Grant Thornton LLP for tax-related activities in foreign jurisdictions in 2013.

All Other Fees. All other fees include amounts billed by Grant Thornton LLP in connection with consultation on accounting matters addressed during the audit or interim reviews.

Pre-Approval Policies

The Audit Committee pre-approves all audit and non-audit services provided by our independent auditors prior to the engagement of the independent auditors with respect to such services, including those set forth in the table above. The Chairman of the Audit Committee has the authority to approve any additional audit services and permissible non-audit services, provided the Chairman informs the Audit Committee of such approval at its next regularly scheduled meeting. Our independent registered public accounting firm and management are required to report to the Audit Committee periodically regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

Required Vote and Recommendation of the Board

The affirmative vote of the holders of a majority of the Votes Cast on the proposal at the Annual Meeting is required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

PROPOSAL FOUR: TO AMEND OUR RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS

We are asking you to approve an amendment to our Restated Certificate of Incorporation (the “Restated Certificate”) to declassify our Board such that each director will be elected annually. Our current Restated Certificate provides that our Board be divided into three classes, with each class elected every three years. Our Board has unanimously approved, and recommends that our stockholders approve, the proposed amendment to our Restated Certificate eliminating the classified structure of the Board (the “Declassified Board Amendment”). The complete text of the Declassified Board Amendment is attached to this Proxy Statement as Appendix A and incorporated into this Proxy Statement by reference.

Background of Proposal

The Board's consideration of whether to maintain its classified Board structure was undertaken as part of the efforts of our Board and our Nominating and Corporate Governance Committee to improve and enhance our corporate governance practices. Our Board and Nominating and Corporate Governance Committee considered the advantages and disadvantages of maintaining the classified Board structure compared to providing for an annual election of directors. In particular, our Board and our Nominating and Corporate Governance Committee considered the view of some that classified boards reduce the accountability of directors to stockholders because stockholders are unable to evaluate and elect all directors on an annual basis. Director elections are a primary means for stockholders to express their views on the performance of individual directors, and a classified board structure affords stockholders this opportunity only once every three years for any particular director.

Our Board and our Nominating and Corporate Governance Committee also considered the benefits of retaining the classified Board structure, which has a long history in corporate law. A classified structure is considered by some to provide continuity and stability in the management of the business and affairs of a company because a majority of directors will have prior experience as directors of a company. In some circumstances, classified boards may enhance stockholder value by forcing an entity seeking control of a company to initiate discussions at arm's-length with the board of the company, because the entity cannot replace the entire board in a single election.

After deliberating the considerations noted above, upon the recommendation of our Nominating and Corporate Governance Committee, our Board unanimously determined that it is in the best interests of Active Power and its stockholders to eliminate the classified Board structure as proposed.

Declassification of our Board of Directors

If our stockholders approve this proposal, then the declassified Board structure would be implemented as follows:

- the director nominee elected at this Annual Meeting will initially be elected for a three-year term ending at the 2017 Annual Meeting;
- following the Annual Meeting, we will file the Declassified Board Amendment with the Secretary of State of the State of Delaware;
- directors whose terms are scheduled to expire at the 2016 and 2017 annual meetings will resign following the Annual Meeting; and
- the remaining Board members will reappoint the resigning directors for one-year terms of office which expire at the 2015 Annual Meeting of Stockholders.

Thus, beginning with the 2015 Annual Meeting of Stockholders, the entire Board will be elected annually by stockholders.

Text of the Amendment

The proposed Declassified Board Amendment is set forth in Appendix A to this Proxy Statement. If this proposal is approved by our stockholders, we will amend our Restated Certificate to reflect the revisions contemplated by this proposal as set forth in Appendix A and the resulting amended Restated Certificate will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting. If this proposal and the amendment to our Restated Certificate under Proposal Five is also approved, then our Restated Certificate will be amended to reflect both proposals and we will file an amended and restated certificate of incorporation in the form set forth in Appendix C.

Required Vote and Recommendation of the Board

The affirmative vote of the holders of at least two-thirds (2/3) of the outstanding shares of our common stock is needed to approve this proposal. Therefore, the failure to vote, either by proxy or in person, will have the same effect as a vote against this proposal. Abstentions also will have the same effect as a vote against this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE DECLASSIFIED BOARD AMENDMENT TO DECLASSIFY THE BOARD AND PROVIDE FOR THE ANNUAL ELECTION OF DIRECTORS.

PROPOSAL FIVE: TO AMEND OUR RESTATED CERTIFICATE OF INCORPORATION TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK FROM 30,000,000 SHARES TO 40,000,000 SHARES

We are asking you to approve an amendment to our Restated Certificate to increase the number of authorized shares of our common stock. Our Restated Certificate currently authorizes 30,000,000 shares of common stock. Our Board has approved, and recommends that our stockholders approve, the proposed amendment to our Restated Certificate to increase the authorized shares of common stock from 30,000,000 shares to 40,000,000 shares (the "Authorized Share Amendment"). The complete text of the proposed Authorized Share Amendment is attached to this Proxy Statement as [Appendix B](#) and incorporated into this Proxy Statement by reference.

Background of Proposal

Our Board has proposed this increase in our authorized shares of common stock to help ensure that we have sufficient shares of common stock available for general corporate purposes including, without limitation, to have sufficient shares of common stock available to raise capital to the extent deemed appropriate, to provide equity incentives to employees and to issue in potential acquisitions. Currently, we do not have any arrangements, agreements or understandings to issue shares in connection with any of the foregoing activities, except with respect to awards that may be made pursuant to the 2010 Plan.

As of March 31, 2014, 23,078,761 shares of our common stock were issued and outstanding, an additional 2,347,749 shares of common stock were subject to outstanding options and restricted stock units and an additional 1,294,779 shares of common stock were reserved for future issuance under our 2010 Plan. Thus, only 3,278,711 shares remained available for other purposes.

The additional shares of common stock authorized by the proposed Authorized Share Amendment will be available for issuance at the direction of our Board from time to time for any proper corporate purpose, including, without limitation, the raising of additional capital for use in our business, issuances of common stock pursuant to equity incentive plans, stock dividends or stock splits, issuances of common stock in potential acquisitions and other general corporate purposes. Certain issuances of common stock approved by the Board, however, may also require approval by our stockholders under applicable law or Nasdaq rules. The Authorized Share Amendment does not change the terms of our common stock and the additional shares of common stock to be authorized will have the same voting rights, the same rights to dividends and distributions and will be identical in all other respects to the common stock now authorized. Approval of the proposed Authorized Share Amendment will not affect the rights of the holders of our currently outstanding common stock, except for incidental effects that would only occur as a result of increasing the number of shares of common stock outstanding, such as dilution of the ownership rights of current holders of common stock.

Anti-Takeover Issues

This proposal has not been made in response to, and is not being presented to deter, any effort to obtain control of Active Power and is not being proposed as an anti-takeover measure. Nevertheless, the proposed increase in the number of authorized shares of common stock may discourage or make it more difficult to effect a change in control. For example, we could issue additional shares to dilute the voting power of, create voting impediments for, or otherwise frustrate the efforts of persons seeking to take over or gain control of us, whether or not the change in control is favored by our stockholders. We could also sell shares of common stock to purchasers who we believe would side with our Board in opposing a hostile takeover bid.

Text of the Amendment

The proposed Authorized Share Amendment is set forth in Appendix B to this Proxy Statement. If this proposal is approved by our stockholders, we will amend our Restated Certificate to reflect the revisions contemplated by this proposal as set forth in Appendix B and the resulting amended Restated Certificate will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting. If this proposal and the amendment to our Restated Certificate under Proposal Four is also approved, then our Restated Certificate will be amended to reflect both proposals and we will file an amended and restated certificate of incorporation in the form set forth in Appendix C.

Required Vote and Recommendation of the Board

The affirmative vote of the holders of a majority of the outstanding shares of our common stock is needed to approve this proposal. The failure to vote, either by proxy or in person, will have the same effect as a vote against this proposal. Abstentions also will have the same effect as a vote against this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE SHARE INCREASE AMENDMENT TO INCREASE THE TOTAL NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 30,000,000 SHARES TO 40,000,000 SHARES.

OTHER MATTERS

We know of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as our Board may recommend. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.

OWNERSHIP OF SECURITIES

The following table sets forth certain information known to us with respect to the beneficial ownership of our common stock as of March 31, 2014 (unless otherwise indicated), by:

- each person known by us to be a beneficial owner of five percent (5%) or more of our common stock;
- each current director, including each director who is a nominee for election as a director;
- each Named Executive Officer; and
- all current directors and executive officers as a group.

Our common stock is the only class of voting securities outstanding. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and includes voting and investment power with respect to the securities. Except as indicated in the notes following the table, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The percentage of beneficial ownership is based on 23,078,761 shares of common stock outstanding as of March 31, 2014. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our common stock subject to options held by that person that are currently exercisable or will become exercisable within 60 days following March 31, 2014 are deemed outstanding. However, these shares are not deemed outstanding for the purpose of computing the percentage ownership of any other person or entity.
